SEO Audit

Score: 58 / 100 | Status: Needs Work

✓ What's Working

- Title tag present and keyword-rich
- Meta description set on homepage
- OG / Twitter card tags configured
- Structured keyword targeting (India, UK, ME, Asia)
- Service-specific sub-pages exist (/services/...)
- HTTPS / SSL active
- Canonical URL (kynosi.com → www.kynosi.com)

✗ Issues Found

- About page title tag duplicates homepage title
- Services page title also duplicates homepage title
- No visible blog content — page exists but empty
- Case studies are thin / incomplete
- No schema markup (Organization, LocalBusiness, FAQPage)
- No sitemap.xml or robots.txt detected
- Internal linking sparse between service pages
- No alt text evidence on images

UX & Design Audit

Score: 72 / 100 | Status: Good — Minor Gaps

✓ Navigation

Clear top nav with 6 items + CTA button. Logical hierarchy.

✓ Mobile Meta Tag

Viewport meta tag set — responsive layout declared.

⚠ No Real Images

No actual team/office/client photos observed — stock or placeholders.

⚠ Accessibility

No ARIA labels, skip-nav links, or focus management detected.

✓ Visual Identity

Consistent color usage, bold typography, modern agency look.

✓ CTA Placement

Hero CTAs ('Start Your Journey' & 'View Our Work') well placed.

⚠ Social Media Links

No social media icons/links in header, footer, or body.

✗ Live Chat / Chatbot

No live chat widget or chatbot for immediate lead engagement.

Content Quality Audit

Score: 65 / 100 | Status: Moderate

Content Strengths

- Clear value proposition in hero: 'AI-Powered Growth'
- Specific geographic targeting (India, UK, ME, Asia)
- Stats used: 500+ Projects, 98% Satisfaction, 10+ Years, 150+ Team
- 4-step process clearly described (Discovery→Strategy→Execution→Growth)
- Service descriptions are detailed and action-oriented
- FAQ section on services page handles objections well
- Client testimonials present (3 quotes with names/companies)

Content Gaps & Risks

- Stats unverified — no third-party validation (e.g., Clutch, Google Reviews)
- Testimonials lack photos, titles, or links — low trust signals
- Blog exists but has zero visible posts — appears empty
- Case studies are very thin — no detailed methodology or data
- Team bios on About page lack LinkedIn or credentials links
- No pricing signals or 'Starting from' ranges anywhere
- No industry-specific landing pages (e.g., for e-commerce, SaaS, fintech)
- Generic marketing language throughout ('bold', 'transformative', 'explosive')

Performance & Technical Audit

Score: 60 / 100 | Status: Moderate — Technical Gaps

✓ HTTPS / SSL

Pass

SSL certificate active, secure connection confirmed.

⚠ Page Speed (estimated)

Concern

No CDN or lazy-loading signals detected. Likely moderate load times.

✗ Robots.txt

Missing

Robots.txt not detected. Bots have no crawl guidance.

⚠ Core Web Vitals

Unknown

Cannot measure LCP, FID, CLS from static crawl. Needs GTmetrix/PSI test.

✓ Mobile Responsive

Pass

Viewport meta tag present; mobile-friendly layout declared.

✗ Sitemap.xml

Missing

No sitemap.xml found in crawl — impacts search engine indexing.

✗ Schema Markup

Missing

No JSON-LD or structured data — misses rich snippet opportunities.

⚠ 404 / Error Handling

Unknown

No custom 404 page detected in crawl. User retention risk.

Conversion Rate Optimisation (CRO)

Score: 68 / 100 | Status: Good — Key Gaps Remain

Awareness

Hero headline strong. SEO traffic limited.

Interest

Service cards engaging. Blog is empty.

Consideration

Case studies thin. No pricing/estimates.

Decision

CTA prominent. No urgency signals.

Conversion

Contact page functional. No form on homepage.

Key CRO Wins: Add homepage lead form · Display pricing tiers · Add urgency banners · Enable live chat

Brand & Trust Signal Audit

Score: 55 / 100 | Status: Weakest Area — Priority Fix

Social Proof 45/100		3 testimonials with no photos, ratings, or third-party verification. No Google/Clutch badge.
Social Media 30/100		Zero social media links on the website. Agency with no visible online community is a red flag.
Awards / Certifications 20/100		No Google Partner badge, Meta Business Partner, or any industry award displayed.
Team Credibility 60/100		Team names/roles exist on About page but no LinkedIn profiles, credentials, or photos.
Case Study Depth 40/100		Two case studies with headline stats but zero methodology detail or client verification.
Physical Presence 50/100		India/UK/ME/Asia claimed but no physical addresses or office locations listed anywhere.

Competitive Positioning

Kynosi vs. Typical Competing Agencies in Same Category

Feature / Signal	Kynosi	Industry Standard	Gap?
SEO-Optimised Pages	Partial	Full (unique title/desc per page)	Yes
Blog / Content Hub	Empty	Active (2-4 posts/month min)	Critical
Case Study Depth	Thin (2 basic)	Rich (5-10 with data)	Yes
Social Media Links	None	All major platforms linked	Critical
Trust Badges (Google/Clutch)	None	Prominently displayed	Yes
Pricing Transparency	None	Ranges or package tiers	Yes
Live Chat / Chatbot	None	Standard (Intercom / Tidio)	Yes
Awards / Accreditations	None	Partner badges displayed	Yes
Unique Differentiator	AI + Multi-region	Varies	Advantage

Priority Action Plan

Ranked by Impact vs. Effort — Immediate through Long-Term

P1

P3

Add Live Chat Widget

🕒 Week 3 | Impact: Medium | Effort: Low

Integrate Tidio or Crisp for real-time lead capture

Audit Summary

Kynosi has a strong service proposition and solid brand messaging, but significant technical and trust-signal gaps prevent the site from performing at the level the business claims to operate. The website needs to match the quality of the growth it promises clients.
